Team/Enterprise referrals pay 5% for 24 months — per-seat billing, so the base is far larger. The FIRST commission on each team account clears after 90 days; every one after it uses the standard 30-day hold. Full detail in the Enterprise playbook in your kit.

WHY PROMOTE IT

- Comprehensive — one link covers fifteen needs — bills, denials, Medicare, Rx and more.
- A concrete hook — free users see a real, hedged savings preview before they pay.
- Recurring — a subscription, so your 30% pays every month, not a one-time bounty.
- Something to offer — claim a discount code worth up to 10% for 6 months — you are not asking for full price.
